TRAGEDY STRIKES CHOW HALL

83% "Michaelman" died horribly from ptomaine poisoning in the Chow Hall. The last of the victims are being carried out.

Tragedy struck once again on campus last Wednesday when 83% Michaelmen died in their places at table during the noon meal. Police Coroner Inna Graves holds the theory that the deaths were caused by ground-up rusty tin cans which had been mixed with the chicken soup. Fowl play is suspected.

STAFF IS SUSPECTED

Several members of the kitchen staff have been questioned, and have all revealed a motive.

"All they (the boys) do is make trouble for us by trying to snatch extra desserts," said one, whose name was not revealed. The suspect, after saying this, broke out into hysterical laughter.

Fellow students of the deceased (those who did not have any soup that day) were greatly moved by the tragedy. On seeing the victims, one by one, clutch madly at their ties and then pass on, the survivor dashed over to them and snatched

up the dessert which the unfortunate Michaelmen hadn't been able to get to before their death.

EYE WITNESSES

Several eye-witnesses, questioned about their reaction to the tragedy, answered: "Ha! They cut the line didn't they? It serves them right."

"Naw, we're not sorry, the line's shorter now by 83%!"

The Christian Charity displayed by the survivors was greatly commented upon by impartial observers.

The Commissioner of Police reports that further investigation will be made.

As a precautionary measure, all rusty tin cans in the Burlington area will be carted away before any more soup is served in the dining hall.

Gianelli Appointed To English Cabinet

Mr. Gianelli, head of the Economics Department here at St. Michael's, has been appointed Minister of Economics in Winston Churchill's cabinet, it was announced today.

The announcement over BBC, which comes as no surprise to the politically well informed, was received by the people of London with wild rejoicing. Mr. Churchill requested the change in cabinet so that "England might have an Economics Minister who is fully in accord with the conservative policies of the Tory Party."

Mr. Churchill registered his approval by stating that through the years, Mr. Gianelli's suggestions for a more liberal monetary policy, with no foundation on the Gold Standard, socialization of industry, and absolute censorship of the press have substantially contributed to the betterment of the English realm.

It is a known fact to all students of Economics that since his arrival in the United States, Mr. Gianelli has been inconsistent agreement with the policies of our government. He has consistently expressed his desire to see more legislative action along the lines of the New Deal and the Fair Deal. It is expected that upon his taking office he will carry out the ideas advocated by his friends here, including the late Franklin D. Roosevelt and Harry S. Truman.

Sympathy

FACULTY AND STUDENTS EXPRESS THEIR DEEPEST SYMPATHY TO RAY DONLIN ON THE RECENT LOSS OF HIS MIND.

The Junior Weekend having been abruptly cancelled, Chairman Bassett and Pres. von Heidleburg are caught seeking an outlet for their "uncushioned shock".

COMMITTEE HEADS FLUNKING OUT

All hope for the biggest weekend in St. Michael's history passed by the boards yesterday as the Junior Class refused to go on with the mammoth project.

Heinrich von Heidelberg, Junior President, and Norm Bassett, ex-Weekend Chairman said in a prepared statement:

Alcoholic Speaks Here

Mr. Ignatius Solofavitch, world's foremost authority on alcohol and its effects, has been signed to speak here in conjunction with the current Golden Jubilee Year celebration. Presently residing in New York City, Mr. Solofavitch will come to the College sometime following our return from Easter vacation.

LONG SERVICE

For the past 48 years he has been employed as a "tester" for several of the leading distilling companies throughout America. He began his unique occupation at the age of six and, as Mr. Solofavitch aptly puts it "I jush couldn't gedoff the shtuff!" He has doggedly worked his way up from a lowly "whiskey whipper-snapper" to the exalted post of "kingpin of international imbibers."

TOPS IN FIELD

At 13 "Ignats," as he is affectionately known by his numerous red-eyed colleagues, gained world recognition for

Continued on Page 8

MUCH PREPARATION

As the big-wigs saw that the fund-raising drive was a big success, they immediately entered into negotiation for a big-time dance band and jazz band. After negotiation of over a month, they signed Hal McIntyre and His Orchestra for the Golden Jubilee Junior Prom and Phil Napoleon and the Original Memphis Five for the jazz concert.

With the announcement on the bands, things immediately started to roll into high gear. Heidelberg and Publicity Chairman Fred Bleh got records spinning by McIntyre and Napoleon at WSSE and the local radio stations and the newspapers got a big play, too.

Tickets were first sold last Thursday, but only after a highly encouraging poll of possible attendance at the Weekend taken in the Dining Hall. Interest was running high on the big "Mardi Gras Parade." The Committee had already chosen Frank Adams as Queen for the Weekend in an overwhelming sweep.

QUEEN CONSOLED

Then the bubble burst! Heidelberg, on the Warning List with a 45% average, and Bassett with a 69% mark, decided to throw in the towel. The rest of the Committee could have capably carried on the work, but the fact that Queen Franko was also flunking, persuaded them that the best thing to do would be to give up the ship, call off the big Weekend, drop the contracts for fabulous music with McIntyre and the Memphis Five, and all talk about the "Mardi Gras Parade," assure everyone a lousy time for the weekend of April 29th, and buy Queen Franko a five and dime crown as a consolation for both the royalty and all the guys at St. Michael's.

Hilltop Adopts New Program

The freshman Class of 1956 will be the first students to be enrolled under the New St. Michael's Plan of Liberal Arts Disintegration.

Along with such traditional citadels of education as Harvard State Teachers College, Chicago College of Mining & Agriculture and Miami University, the Hilltop is adopting the new trends of disintegration in the arts and sciences. The New Program is arranged so that the student, upon his graduation, might have a completely confused picture of the world around him.

The First Year Program will include the following courses: Inhumanities - a comprehensive survey of the

Confession And Resolutions

Comrade Adamslov has spoken the awful truth in his letter to the Editor (sob)! I have failed miserably in my duty to the party. I have misled the proletariat by allowing "MICHAELMAN" distortionists (sniff) to report true conditions at the Cooperative.

I made the grave mistake of putting a Radio Free Europe ad in the last issue. Please forgive me (sniff-sniff). It won't happen again, I swear by the great Stalin!! Whoops, I mean Malenkov! Oh, No! a thousand pardons fellow travellers, it is the omnipotent Dulkanin.

I will amend my grave erring ways and strive for more propaganda and closer censorship of the truth.

That capitalist hoarder known as "Stank the Bank" will be exposed. His vast sums of rubles should be divided among the leaders of our party.

It will be reported that our strong proletariat, under the direction of the Refugee Body Builder, Jack Thompson, have given 3 pints of blood each at the People's Blood Drive.

High praise is due the honored and most resourceful group known as "The Poets". They have won the trophy for the further glory of the party. They will be encouraged to perform more feats of bravery in accord with communist policy.

An undercover agent, who once frequented the highest floor of our Ryan Palace, has infiltrated again through our maze of barb wire and fierce dogs. He may be spying on us at this very moment. His soft-soled shoes make him a hard one to detect and a constant menace. But rest assured, Comrades, that he will be brainwashed of all Christian Principles and Democratic Ideals if we catch him.

This issue will be typical of our new improved plan for the "MICHAELMAN". I realize that if I slip once more, the penalty will be banishment to the Chow Hall or worse yet, permanent draft into that blue chain gang, the R.O.T.C. Stalin, protect me from such a fate!!! Whoops! I mean Malenkov! Oh, no! A thousand pardons, fellow travellers, it is Dulkanin.

LITTLE MAN ON CAMPUS

by Dick Bibler

"It's only Ed's sister with his laundry."

THE EDITOR LETTER TO

It has been brought to my attention that the official party organ under your supervision has failed to create false impressions, incite student distrust, and create faculty discontent at the Winooski Park Intellectual Cooperative.

Let me remind you, Supreme Editor, that your sole objective is to present the news in a biased fashion in order to keep the proletariat in line. Since you were appointed as Supreme Editor the party weekly has been filled with an alarmingly large number of unbiased and completely factual reports concerning the activities of the proletarian at the intellectual cooperative.

TOO MUCH TRUTH

Your shockingly true report that our physical culturists failed to win the district Championship completely defeated our objective. You should be fully aware that Comrades Younganavich, Kucharev, Lamankov, Cieplickishlov, and Wegrycinski are the strongest, fastest, and most versatile of all physical culturists and the citizens must be led to believe this through our propaganda.

The report that there was dissension at the weekly meetings of the Supreme Council of Class Deputies creates the impression that supreme Chairman Bolster's ideas are not in full accord with those of the proletariat. The common people should feel that the council is in 100% agreement all the time.

NOT ENOUGH BRAINS

Commisar Dupontokov's list of distinguished citizens in the intellectual field was a glowing tribute to those who gained this honor but the party organ failed to include the entire cooperative on the list. Lest you forget, our scholars are all brilliant and therefore the commisar's list must include them all.

TOO MUCH DEBATE

Premier Dufordoruch's intersatellite games have caused much debate at protest meetings. As supreme Editor the party expects you to write a biased and completely erroneous report on these protest meetings in order to lead the citizens to believe that these were mass demonstrations of intersatellite cooperation. The party has been shocked at your lack of initiative in propaganda matters and the next two months must show a 100% improvement or you will be re-exiled to the province of Stempingrad.

Derogatorily yours,
Comrade Frankloresky
Adamslov.

CHEAT SUCCESSFULLY".

Greetings, brother rats! Once more we meet on the second page.

Once more we expound like a sage,
Once more we clue you to take heed,
Once more are listed your foul deeds.

The day hath cometh. Tomorrow vacation commences and the roads to Boston, New York, Albany, Springfield, Worcester, Hartford, and Vergennes will be filled with shiny-faced little Michaelmen trudging home, or thereabouts, after a long cold winter. Before you leave this glamorous hilltop, Editor Tynan has asked for one last thrust at the dignity of our intellects, if any, or in the least at your good name, if any. In that sense then, we have rounded up some libelous information (for which we cannot be sued, Don) that may add to your scholastic endeavors or in the least stimulate your perverted sense of humor.

And while on the subject of humor, perhaps you heard about the funny joke the athletic department is contemplating. That is, dropping the baseball team. Seems that only John Sully and Paul Ripchick showed up for the pitching staff and too much snow for spring training....Go south....As a result of the inter-class debate tourneys, philosophy is going to be taught only in the frosh year and theology is going to be dropped entirely....Going to replace them with courses in bird-watching and spelling....Hey, do you really need more than one or two pitchers on a baseball team? Now it can be told! The maple syrup the Chemistry Club used for their sugaring party was fifty per cent corn syrup and came from Alabama.

MORE OF THE SAME

Don't forget. Since there is no Junior Prom this year save your cash for the mammoth clambake and fish festival the Edmundites are throwing as a grand wind-up for the Golden Jubilee....BYOL, no doubt....Ted Dimauro resigning as president of the Senior Class since he lost one round of the debates here. Very mad because it wasn't fixed in his favor....During the vacation 37 requests for withdrawal from college will be sent out to thirty-seven sets of parents. Watch your mail every day, are you one?.....Tony Stewart is the only guy when asked for a cigarette will give you one....Watch the fights on television next Wednesday and pay particular attention to the advertisements; i.e., the one where the guy is demonstrating how well the blade he's using removes the fuzzy growth from his face. It's Driscoll!

TO CONTINUE

Ron Masterbernidino has acquired a part time job as cook at Bove's. It was the name that landed him the job, not the ability....Pandiscio is not giving any more haircuts....So what?....Walt Bellcourt giving shoe shines for a dime to pick up a little spare cash. Too bad he can't leave the stuff alone....The dining hall goes on a pay as you eat basis in a few weeks. Probably will fold up....Snack bar expanding into all of Austin Hall. Prices to be slashed; sample: Hamburgers 45¢, coffee 15¢, milk shakes 50¢....Forcier has decided to rule out Memorial Auditorium for the Knightlights. Instead it will be televised, yes televised, from Madison Square Garden. MA not large enough to house the scenery....Val's grandiose magic trick this year is to make a herd of elephants appear from a hatbox, complete with drivers....Eighty-three per cent of the humanities students are flunking the course. Exactly three weeks ago not less than 72% were above an eighty average and only 2.1% were failing....Last week they had a test with everyone at least four feet away from each other....

THIS DOES IT

Ann's been pinned and Charlie's in a dither...he can't even go out with her sister. (She's five)..... Take heart! Ed Markey says he's got so many "dear John's" that he's almost bald. Steve says he is.... You think the food is bad here you should eat at Trinity for a week. Bill ate there for a week, incognito, of course, so that he could compare. Some of it hasn't even been invented yet....Think it over and you'll agree that the chow here is darn good. Better than home, even....THE MICHAELMAN is paid for advertisements, you know....Hate to spoil your vacation but heard this week from a good source the wrestling on video is a fake....Nutz!....There go Jack Eaton's Saturday nights....

And now it is the time to close
To cease all this lovely prose.
Before you believe all that's written
Best you remember that I've been smitten.
(by the april foolsee bugeee)

PRIVATE GROUP BUYS WINOOSKI MILL

The Winooski Mills, closed since last fall when American Woolen moved South, will soon resume business, thanks to the efforts of the American Textron Company, the Vermont Development commission, a group of Winooski residents, including SMC Business Manager, John Buchan and Fr. Lorenzo D'Agostino, SSE.

Career Day April 14

The Placement Department and the Burlington Alumni Chapter recently announced that a Career Day will be held April 14th on the St. Michael's College Campus. This is the initial venture for this type of program.

Atty. Donald E. O'Brien, president of the Burlington Chapter, is alumni chairman for this program while the Placement Department will be represented by Father Coombs, Mr. Ansheles, Mr. Ansheles, Mr. Moran and Mr. Simas.

The program is designed to offer to all undergraduates an opportunity to be oriented in the various occupational areas. A recent survey by the Placement Department disclosed that the students are interested in some fourteen different fields. The three leading fields are Transportation, Law and Sales.

The opening session will be held in Austin Hall at 11:00 A.M. The Air Force ROTC Band under the direction of Cadet Capt. Frederick Blais will provide the music.

The principal speaker will be Mr. Charles Foster, Jr., of Albany, N.Y., division manager for the Shell Oil Co. Father Duford, Dean of Men, will represent the Administration while Atty. O'Brien will speak in behalf of the Alumni Association.

The afternoon program will run from 2:30 P.M. - 4:00 P.M. at which time the undergraduates will have an opportunity to visit three different fields. A prominent alumnus will be available for questions pertaining to his field of specialization.

The sale includes all the land and buildings which had been used by the American Woolen Company, Machinery now occupying the buildings will be sold or scrapped, as the new owners hope to attract a number of diversified industries.

Once the buildings have been cleaned of machinery, they will be ready for occupation by the incoming industries, as no major renovations are needed.

Present at the signing of the papers transferring the property were Governor Harold Johnson, Mr. Palmer, representing textron-American, Mayor Moran of Burlington, Mayor Rath of Winooski, Fr. Lorenzo D'Agostino, John Buchan, Rep. Russell Niquette of Winooski, and a representative of the Vermont Development Commission.

PRES. MORIARTY TO MEET PARENTS

Parents of Michaelman students will get a chance to meet our president after Easter.

Arrangements are being made by the Alumni office to have individual chapters invite parents of students to the chapter meetings which Very Rev. Francis E. Moriarty will visit from April 15 to 21.

Fr. Moriarty's schedule calls for visits to these chapters on these dates: April 15, New York-New Jersey; April 16, Albany; April 17, Hartford; April 18, Springfield; April 19, Boston; April 20, Worcester; April 21, Pittsfield.

Alumni Secretary Robert Ansheles said that chapters would invite parents wherever their meeting facilities permitted.

GERVAIS BARBER SHOP
28½ Main St.
Winooski

Niquette and Buchan will serve as President and Vice-President respectively, of the Board of Directors of the new Corporation.

Niquette told reporters that he had six parties interested in using the property already. He emphasized that all were steady organizations, which would definitely be an asset to Winooski. In encouraging a number of different types of industries to use the property, the new Directors said they hoped to prevent situations such as the existing one from occurring again.

Though St. Michael's College is not directly involved in the project, she may well be proud of the fact that two of her staff are contributing much in helping get Winooski back on her feet. Fr. D'Agostino has been involved from the beginning on the labor-management end and Mr. Buchan has entered in setting up the new organization, which is non-profit in nature. Any profits realized will go for charitable purposes.

WHATZIT?

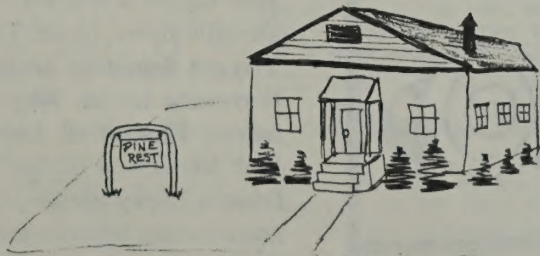

"Go west young man", a man once said,
But them who went had lost their heads,
For Horace knew, thet ornery beast,
Thet all the dough wuz in the east.
But Michaelman readers don't follow this rule:
Read and believe, thou April Fool!

Why do more college men and women smoke VICEROYS than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
4. Smokers en masse report that filtered Viceroys have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroys cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!

LUPINO CAPTURES MARBLE TOURNEY

Big Phil "Pee Wee" Lupino on a corner mig shot, captured his second straight Intra-mural Marble Championship. Two down in the final put, "Pee Wee" indexed perfectly to up-end challenger Jerry Pieamode.

CAPACITY CROWD ON HAND

A capacity around was on hand to witness the thrilling climax at the East-End Marble arena. Pieamode got off to a rolling start, and seemed certain to pick up all

LOWIE CAN CAN-CAN

The Undivided Press announced today that Lowie Smilligan has been chosen as first kicker on their All-American Can-Can team. This is the first time in St. Michael's history that a member of the "Canners" has received such an honor. Smilligan polled an unheard sum of 302 votes in the voting. His closest rival was "Lavar Soaper of Prattlevist U. When informed of his election Smilligan replied: "oh yeah." He then returned to a copy of "Paradise Lost." He is working on this for his masters.

SMC ACCEPTS NIT BIDS

"Rocky" Braker, St. Michael's Athletic Director, announced today that we have accepted a bid to play in the annual National Intramural Tournament. This affair will be held in the Madison Round Arena, Wally Wally, Washington, on June 31-32-33.

RYAN V B - REPRESENTS SMC

Ryan V B, as local intramural good-guys, has been designated as the team to represent St. Mikes. Coach Duke Tuckahoe's boys will be making their second trip to the tournament. Last year they were eliminated by "Labor" Hall of Skidmore College.

"DUKER"

Coach Tuckahoe expressed a desire to meet the laboring Skidmore girls again. Duke was quoted as saying last night that: "last year they double-girled our star 'Rags' Duriches. 'But this year we have someone to go along with 'Rags.' I refer to none other than Don Deguys. A real hustler."

ST. MARY'S IS RUNNER UP

St. Mary's Hall, runner-up in the tournament on campus, has been named alternate to Ryan V B. Sister Jo Lipchap, St. Mary's Coach, has indicated that her club will be ready in any emergency. Father Onedudge has been appointed team chaplain. He will accompany the team on its trip. The club will leave by bus June 1, and will arrive in Wally Wally, in time for the first game. Good luck guys, or gals!

For Easter and After . . .

the marbles. He captured the first two pots knuckles down, and three marbles up.

PEE WEE SWITCHES

It was at the third put that Phil Lupink, no relation to Ida, made his move. Up to this time "Pee Wee" has been using porcelain and glass miggets. This gave him speed, but little power. At this stage of the battle he switched to clay miggets. The only glass one on the deck was his favorite cloudy white one. "Pee Wee" explained it was dedicated to his girl Jane Atta-gal, and he couldn't part with it.

Midway through the put "Pee Wee" made his move. Pieamode had two migs strategically placed on 40 angles from the "patto." Only an eagle could possibly move them. This is exactly what "Pee Wee" did.

"SLAVIC" GRIP WORKS

Using a "slavic" grip, foreknuckles down and pinky up, he sent his pink clayer angling for the front enemy mig. He hit it with enough force to send it spiraling to the pot. Meanwhile his

clayer was still spinning in the direction of the second mig. This was hit also and ended in the neutral zone.

The crowd roared with delight as "Pee Wee's" trainer, "Surg Issais," showered him with kisses. After that Pieamode could never quite recover. "Pee Wee" rolled through the last two puts unmolested.

PEE WEE MAKES OLYMPIC TEAM

Following the victory it was announced that "Pee Wee" had accepted an invitation to perform with the Olympic Marble Team. In an informal interview following the match, "Pee Wee" was asked when he began playing marbles. "Pee Wee" replied that he was originally a baseball player. He had always dreamed of playing short for the Dodgers. When he discovered that only marble champs named "Pee Wee" could play short for the Dodgers, he immediately take up the sport.

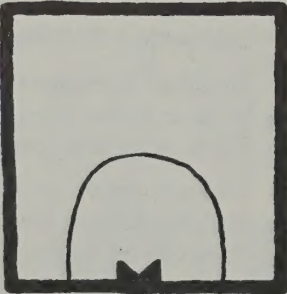

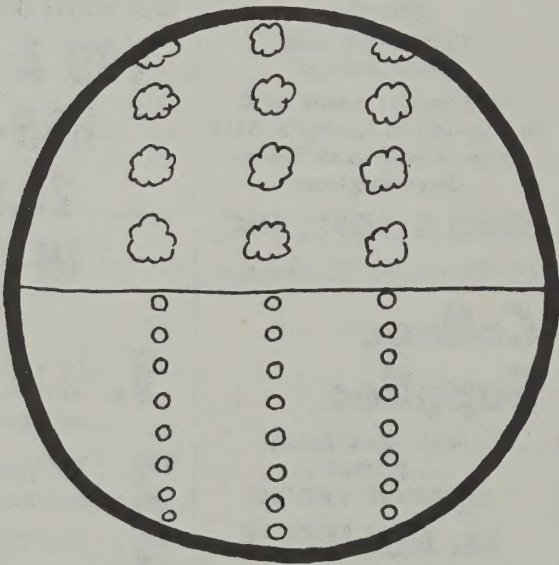

"Pee Wee" Rolls Jerry

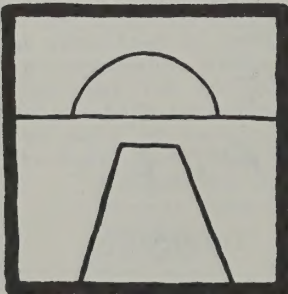

"Pee Wee" Lupino cocks his final release from a "hunchy" stance which made him the 1955 Marble Champ over Jerry Pieamode in the Intra-Mural Marble Tourney.

*DROODLES, Copyright 1953 by Roger Price

"IT'S TOASTED" to taste better!

NO MATTER WHERE YOU ARE, you'll get more pleasure from your cigarette if it's a Lucky Strike. That's the point of the Droodle above, titled: Three deep-sea divers enjoying Luckies. You get deep-down smoking enjoyment from Luckies because they taste better. Why do they taste better? That's easy to fathom. First of all, Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. So, when it's light-up time, light up the better-tasting cigarette . . . Lucky Strike.

Better taste Luckies...**LUCKIES TASTE BETTER**...Cleaner, Fresher, Smoother!

TAKE A GANDER!

By Phil O'Buster

Broadway financiers Rupes and Dinari announced today that Dick "Goose" Coffey, noted St. Michael's undergraduate, has been contracted to direct 150 showgirls in the new Rodgers and Rammerstein musical extravaganza "Take A Gander", opening on the Fourth of July at the Bonanza Theater, New York City.

SINCERE INTEREST?

Coffey was selected over a host of seasoned New York

and Hollywood directors because of his keen theatrical sense and sincere interest in American interpretative dancing, both of which were proved publicly during a recent Worcester undertaking.

ETC!

It has been a whirlwind existence for Coffey since the end of the Christmas holidays, as the planning of the show necessitated his flying to New York every weekend for auditions and casting, etc.

He was given the difficult task of screening an estimated 475 lovelies from three continents. Coffey refused to reveal the criteria used in making the final selection of 150 girls, but was quoted as saying that he was "quite willing to undergo the strain for the good of the show..."

"We've had our ups and downs," said the youthful impresario, "but the complete cooperation of all concerned will guarantee the fulfillment of what already promises to be the greatest Broadway production of our era."

Pretty Maids For All Dorms

That's right! Starting tomorrow your untidy, unkempt and unbelievably appalling rooms will be restored to order daily by an experienced platoon of maids. The school authorities at a recent meeting, noted through this welcome suggestion and a group of lovelies has been screened and processed already.

It was decided that one maid would be assigned to each floor of each of the older dormitories. Ryan Hall, home of the elite, will be serviced by two maids per floor.

HANDLE ALL ROOMS

Their work will include bed-making, sweeping, dusting, emptying of waste-baskets and any other odds and ends which might need immediate attention. Each maid will be required to report for duty at 8:00 A.M. sharp and all sack-rats will be roused by the comely lasses shortly thereafter.

Certain qualifications have been set up by the committee. These were not made available to your reporter but information has leaked out which leads us to believe that several of our present dining-room queens have already qualified for the coveted positions.

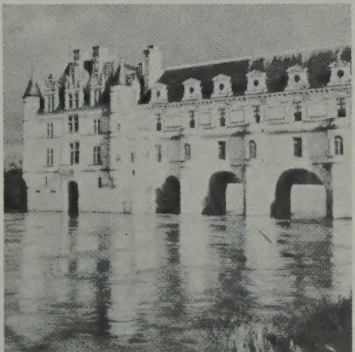

INTRO TONIGHT

Furthermore, tonight a member of the "Committee on Maid Service" will conduct a guided tour of the dormitories to familiarize each new maid with her assigned quarters. All students are asked to remain in decent attire throughout the early evening and to refrain from all callous language above the pitch of a whisper. Your

strict cooperation will be greatly appreciated.

The new system came into effect as a result of repeated requests on the part of certain parents. Complaints from "momma" and "poppa," on the "conditions in my boy's room" were registered with the front office. One cigar-loving proctor has requested that the maid assigned to his particular floor post a deposit-box for used cigars near his room because the ones he has been clipping from the shower-stalls have been giving him increasing ill effects.

New Dorm

PROPOSED NEW DORM -- Pictured above is the proposed new Ryan Hall Annex that is to go up this fall. Called Ryan-On-The-Winooski, it will feature skating, swimming, and the new intra-mural turtle races.

Basic English - a new text is to be used, in which no word has more than three letters;

Modern language - the student is given a choice between Latvian and Turkish, both of which are considered of equal importance in today's world;

Mathematics - a refresher course which will include Einstein's Theory of Relativity, formulations for deriving the Hydrogen bomb, and a few other simple mathematical problems.

Upperclassmen will be assigned subjects that are in accordance with the New Program and will enjoy a wide field in which to concentrate, including Majors in Bird Watching, Navigational lore in Polar Waters, Astromony, Archeology, and Deep Sea Fishing.

It is expected that upon graduation, the student will have a sufficient grounding in the arts and sciences to be eligible for admission to any qualified prep school in the country.

the first time at the London Exposition of 1903 when he staunchly outdrank twenty-seven worthy opponents in an eight-day marathon to win the title by one "pint."

The fabulous Mr. Solofavitch has informed school authorities that the subject of his talk will be "The World Through a Martini Glass."

Campus Questio

By Walt Bellcourt

Now that St. Michael's has actually become a co-educational College, there have been many remarks by the present-dwellers as to the calibre of the new additions. Fortunately, through the kindness of the administration, we have procured a few of the applications for the new invasion.

If the applications keep coming in at the same rate and are of a similiar type of these, we have much preparing and cleaning up to do around here. From their applications we have attained the following information.

MARILYN MONROE

I like the Green Mountains in Vermont. They're nice! I always wanted to go to college and I'm sure there are enough nice fellas there to keep me company. Liberal Arts sounds simply wonderful and I really love skiing.

MOLLY VANCOUVER

St. Michael's College has been very well recommended in my hometown, Greenwich Village. Many have tried to discourage me starting now at this late date in my life but I really don't show my age. Why at the Winter Carnival this year not one person asked me my age. I intend to go on to be an ornithologist after my four years of liberal studies.

MACHIKA KYO

(this application was translated at the benign efforts of Mr. Vinci). I'm going to be the first girl exchange student. I'm from Nagaya, just below Tokyo in Japan. I worked my way over as a servant of Dag Hammerskjold on a MATs liner. I hope Father Dube will have room for me in the infirmary since I want to be an infirmarian someday.

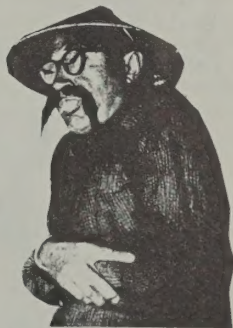

EARTHA KITT

Well, ya see I nevur did finish my educashun. A girl ferocious-ly needs a man but she also needs an educashun. She uses it to make the right choices at the right time. Many a enjoyable evening will be spent with some heal in the moonlight of Vermont. I also understand many tans have been furnished by the Vermont sun. Ahhh, did someone say there was a handsome, young and single teacher up there?

JET STREAM

By Dick Powers

BOLSTER FINALLY MAKES IT -- Lt. Col. Bob Bolster proves the value of his AFROTC Flight Certificate by dropping his jet neatly on the snow-clad Administration Building parking lot, a feat which raised considerable acclaim among the Cadre. The jet is part of the graduation gifts donated by the Air Force to promising Second Louies.

Advanced Cadets Ordered To Japan

All advanced ROTC cadets have been ordered to active duty as of June 1955. Detachment #865 has been ordered to the explosive Far East in order to forestall any possible aggression by the Chinese Reds.

The detachment will be based in Japan along with AFROTC units from several other colleges. All will be given extensive training in our country's newest offensive weapons, including the new right-interceptor fighter, the PMF-1. This new jet is so secret, that even the regular Air Force knows nothing about it.

LEAVE FROM WINOOSKI

The St. Michael's unit will assemble at the Winooski Park airdrome (EAAFB) shortly after the school year ends. They will then take off for Japan in Navy dirigibles with helicopter escort. Traveling by the Great Circle route, there will be no need for refueling, enabling the flight to be made in record time.

On touching down at the Tokyo field, the cadets will participate in a gigantic ricksha parade to City Hall. Here they will be presented with the key to the city. Proceeding to their base on Kyushu Island, off the Japanese coast, the cadets will begin training in tactical hand to hand combat in addition to the logging of many hours at sea.

IMPORTANT DUTIES

The individual cadets will then be assigned to vital defense duties such as K.P., latrine duty, and orderly. These activities will stand them in good stead if and when they return to civilian life.

In case the need for ROTC units in Japan decreases because of the lessening of tensions between communism and democracy, all cadets, except those fortunate to be graduated, will be ordered back to St. Michael's next September.

Snack Bar Features Free Lunch Tonight

Doing their part to make this year's Jubilee Celebration a success, and wanting, like all of us, to see a "bigger and better" St. Michael's, the proprietors of the Snack Bar on campus, have declared a dividend - until midnight tonight they will offer a free lunch to any and all of the "average American" students on campus.

VARIETY OFFERED

The proprietress, in making the announcement, said that she hoped that as many of "the boys" as possible would take advantage of the offer. Specially prepared and placed on the menu, for tonight only, are such delicacies as one of the original "three little pigs", Old Mother Goose, and Peter Cottontail, cooked in the manner that

the Snack Bar is famous for, and prepared by the Senior Cook of Winooski - Mrs. Anna Dufresne. Gerald Ryan will be on hand to keep order in the unusually large crowd expected.

HONEY FOR BOYS

"As the catalogue stresses, we are all here to serve in any way we can, to make SMC a "home away from home", and to cater to the special wants of the boys". It is for this reason that we feature year-round low, low prices, and that we decided to go "hog wild" tonight and really take down our hair!"

Ed Note: STUDENTS - if you aren't hungry when you read this, go over anyway and pick up one of the free box lunches they've prepared and bring it back to the room for later use.

NEW CAMPUS CLUB FORMED

Rivalry for the Class Trophy to be awarded at the end of the year by the Dean of Men to the class with the best extra-curricular activities second has reached such a heated pitch that a new club has resulted.

"I Don't Like the Juniors Either" is the official name of the group.

According to well-founded information the Club's composed almost exclusively of Sophomores although several Freshman have shown considerable interest in proposed activities of the Club.

The president of the newly formed group has chosen to remain anonymous.
